

## DOUG'S INSPIRED WEB DESIGNS

---

We have the online marketing solution for YOUR business!

The size of your business does not change its importance in our eyes – each of our customers from major corporations to small, family run enterprises can expect the upmost in care and consideration as we tailor your new website to your specific needs.

Our ranges of options are endless! Maybe what you require is an online showcase for your products or services. We'll sit down with you and create the perfect design to display your products to consumers in the most appealing and easy to use format.

Need more? Perhaps you would like to go a step further and sell your products or arrange for your services directly through your website. We can build a site customized to your needs, which can be administered yourself or through our service.

Customization is our specialty! Bring your own creative ideas and we'll make them happen, or brainstorm with us to find the best options for your company. Whatever your business, size or needs we CAN design the website you need! Contact us today to get started!

### Catalogs On Your Own web Site

Friendly, easy to use websites can be an excellent marketing tool. Let your customers see that your business has just the product or service they need!

### Online Sales

Our websites can do it all! Sell your products directly from the site, or use it as a forum to communicate the benefits and availability of your services.

### Networking

Set up a computer network in your office so that projects can be done faster and more efficiently. We also fix and maintain your hardware to help reduce down time.

### Directories

Need more advertising? Check out our business directory online! Now featuring businesses in the Ashland/Mansfield/Wooster area as well as all over the west side of Cleveland. Our specially tailored Go West Dining Directory is ready to show off the west side's best places to eat!
